OBJECTIVE

As a recent graduate with a solid foundation in programming, web development, and database management, I am seeking an entry-level position where I can effectively apply my skills in JavaScript,react. Eager to contribute to a dynamic team, I am committed to developing innovative software solutions and thriving in a collaborative environment.

PROJECTS

Construction Planner   html,css,js,python,django,mysql

- Developed an online site that encapsulates the work of an architect,civil engineer and contractors under a single roof
- A registered user can request to get an elevation of house based on his/her wish .
- https://github.com/Sruthias24/construction-planner.git

Travelog   html,css,js,php,mysql

- Created an Online Bus Ticket Reservation System with features for seat reservations, booking cancellations, and route inquiries.
- Managed database with MySQL and designed user interfaces, enhancing system security and efficiency.
